When You Need Our Services...We're Here To Help.

1. Plan Effective Dates

Buyer's coverage becomes effective at close of sale and is effective for one year. (Premium must be received within 14 days after close of sale.) If buyer takes possession prior to close of sale, the premium is due and coverage will begin upon receipt of premium. In cases of Lease Option, the full premium is due upon occupancy.

Seller's coverage for the listing/escrow period becomes effective the day the application is received by us, and continues until the expiration of the initial listing period (up to 180 days), close of sale, or listing termination (whichever occurs first). Seller's coverage is not available on multiple units, homes over 5,000 sq. ft. or For Sale By Owner properties. In the event close of sale does not occur in the 180-day period, we may, at our sole discretion, extend the seller's coverage period. Pre-existing conditions are not covered for the seller.

New Construction coverage and any optional coverage begins on the first anniversary of the close of sale and continues for three years from that date, provided the Plan fee is received by us within 14 working days from close of sale. All systems and appliances to be covered must be in good working condition at the time coverage begins on the first anniversary after the close of sale. New Construction Plan: Optional Coverage must be purchased within 30 days after close of sale and becomes effective one year after the close of sale.

2. Service Overview

In accordance with the terms of the Plan, we will repair or replace systems and appliances mentioned as covered. We exclude all others. **We reserve the right to provide cash in lieu of repair or replacement in the amount of our actual cost (less than retail) to repair or replace such item.** Additional charges may apply to certain repairs or replacements. **Please see Limitations of Liability.** We will provide service on covered systems or appliances that:

- are located within the perimeter of the main foundation and garage (with the exception of coverage items marked with an "X").
- were properly installed and in **good and safe** working order on the effective date of this Plan.
- have become inoperable due to normal usage after the effective date of this Plan.
- are reported during the term of this Plan.

Coverage may apply to a malfunction which existed on the effective date of the Plan if, at that time, the malfunction was unknown, and would not have been detectable to seller, buyer or agent by visual inspection and simple mechanical test. This Plan does not cover known defects.

3. For Service: Place service requests online at www.orhp.com or Call 800-972-5985

We are available to accept service calls 24 hours a day, 365 days a year. When you call with a service problem, we will contact a contractor who will contact you directly to schedule a convenient appointment during normal business hours. In the event you experience any difficulties in receiving service, please call our Service Department for assistance.

The services contracted for will be initiated under normal circumstances by us within 48 hours after your request for service is made. Emergency service (the loss of heating, cooling, plumbing or electrical service) will be initiated no later than 24 hours after the report of the claim in an emergency.

If you should request us to perform non-emergency service outside of normal business hours, you will be responsible for payment of additional fees, including overtime.

We require you to contact us so we may have the opportunity to select a contractor to perform the service. We will not reimburse you for services performed by your own contractor without prior authorization.

For each new trade call placed, you will be responsible to pay the trade call fee to the contractor at time of the first visit. The trade call fee is due for each call dispatched. We cannot respond to a new request for service until all previous trade call fees are paid. Failure to pay the trade call fee will result in suspension of coverage until such time as the proper fee is paid. At that time, coverage will be reinstated, but the contract period will not be extended.

Service work is guaranteed for 30 days.

In the event we authorize or request you to contact an independent contractor directly to perform a covered service, we will provide reimbursement based on the following conditions:

- Contractor selected should be qualified and insured.
- Contractor provides fair and reasonable rates on parts and service.
- To confirm the repair is covered by the Plan, you must contact us
 - once the technician arrives at the home and (b) prior to the technician performing any repairs for which reimbursement will be requested.
- Contractor is willing to bill for services rendered.
- Acceptable itemized proof of charges are provided.

We are also not responsible for non-covered work performed or non-covered costs charged by a contractor dispatched to provide covered services.

We are responsible for providing installation of equipment comparable in features, capacity and efficiency, but not for matching dimensions, color, or brand. We are not responsible for the cost of construction, carpentry, or other modifications made necessary by existing or installing different equipment. We are not responsible for relocation of equipment.
